NORTHERN LIGHTS.

Last Saturday evening at about seven o'clock, the sky in the northwest was brilliantly illuminated by what was at first supposed to be a reflection from a great conflagration somewhere in that direction. This supposition was soon dispelled, however, when the light began to move around towards the north and bright tongues shot up into the heavens, making a magnificent display of the Aurora Borealis, or Northern Lights. An exchange thus graphically describes it:

"At its brightest period the whole Northwest was lit up as it were with a brilliantly wavering crimson cloud, through which shot streamers of a paler color, rose pink, sea shell and all the delicate tints of the cameo, even to an occasional ribbon of clear white. The great mass of color and the streamers at times reached the zenith, and the constellation of Cassiopeia was now and then licked by the heavenly flames. Towards the North and Northeast the "lights" were fainter in tone, but a well defined arc of color stretched from the Northwest to to Northeast, composed as it were of great tongues of light. These stretched up to the Polar Star and covered with their ruddy mist the Great Bear. To add to the beauty of the scene some filmy cirro-stratus clouds floated through the Northern sky and seemed to be lit up by the gleam of some strange sunset in which the rival sun had set in the North.

To add to the beauty of the scene the full moon lit up the Eastern sky with a superb greenish golden glow, in strong contrast to the vivid flame tints that hung like some curtain of fairyland to the North. It was the curtain to the fairyland of magnetism and the strange realm of electricity."

As viewed from the top story of buildings that gave a clear view of the whole northern heavens, the spectacle was one long to be remembered. As the phenomenon faded it turned to a deep green, this color changing to a sheen of silvery white as it disappeared.

In high altitudes the appearance of aurora borealis is not an unusual occurrence, but in this latitude the phenomenon is very rare.

THEORIES OF THE CAUSE.

The cause or origin of the phenomenon is not clearly understood. It is, however, very generally explained as, and accepted to be, an electric manifestation unusual to any but high atmospheric regions. The source from which the energy of this manifestation is derived is a matter of conjecture among scientists.

A German scientist, working on the theory that the manifestation is caused by volumes of electricity passing or being discharged from atmosphere of a specific density into air of lesser density, performed an experiment which went a long way toward explaining the character and cause of the phenomenon.

He passed an electric current through air of ordinary density and continued its passage through rarified air, obtaining results which closely resembled the aurora. From this he argued that an electric current passing through atmosphere at the ordinary pressure would give no indication of its presence until it reached regions less dense, where a discharge would occur which would find manifestations in the form of Aurora Borealis.

Eight years ago there was a similar manifestation noticed in this country. It lasted two evenings and was accompanied by a severe electric storm which prevented the continuous working of telegraph for two days.

A Chicago special says: It was the most wonderful exhibition of the aurora, or Northern Lights, possibly ever seen from American soil. Dispatches show that the phenomenon stretched over a great belt of territory from Iowa to the Atlantic coast.

The magnificent spectacle was scientifically observed at the University of Michigan in Ann Arbor. Astronomical Director W. S. Hussey, of that institution, wires the result as follows: "The brilliant rose red aurora visible to-night was not altogether unexpected. In a general way auroras have been predicted for about this time. To-night's display naturally follows the appearance of the great sun spot which has been visible during the past week. Other aurora displays may be expected in the near future."

Other disptaches show that the phenomenon was witnessed at New York, Louisville, Cincinnati, Cleveland, Columbus, Toledo, Detroit, Indianapolis, and at Illinois and Iowa points, but not at St. Louis, Kansas City or Memphis.

Y.M.C.A. ANNIVERSARY.

Every seat in the Opera House was occupied last Monday night on the occasion of the first anniversary of the Young Men's Christian Association of Bloomsburg.

Dr. D. J. Waller Jr., President of the Asociation, presided. On the stage were the clergyman of the town, the officers of the Association, the Y. M. C. A. male choir, and Ex-Governor James A Beaver. The following programme was the order of the evening.

Hymn, "All Hail the Power of Jesus' Name;" Prayer, Rev. P. A. Heilman; Scripture Reading, Rev. J. P. Tustin; Solo, "Because of Thee," *Tours*, Miss M. Beth Runyon; President's Report, Dr. D. J. Waller, Jr.; Selection, "Glorious Things of Thee are Spoken," Y. M. C. A. Male Choir; Treasurer's Report, E. B. Tustin; Selection, Male Chorus of Archers, from Herve's Opera Bouffe L'Oeil Creve, Y. M. C. A. Male Choir; Anniversary Address, Gen. James A. Beaver; Solo, "Deep in the Mine," *Jude*, Orval H. Yetter; Selection, "We are Going Home," Y. M. C A. Choir; Benediction, Rev. I. M. Patterson.

The singing by Miss Runyon, Mr. Yetter and the Male Choir was excellent, and was enjoyed by the large audience. Miss Runyon has a voice of wonderful sweetness, and wide range, and she sang with much feeling and expression, Miss Maud Runyon accompanying her on the piano. Mr. Yetter has a bass voice that, with cultivation, has a fortune in it, and he was at his best, the sonorous tones rolling out with perfect ease and accuracy.

Gen. Beaver was introduced by Dr. Waller, who said that he overheard the General say on the cars that he did not make speeches nor addresses, nor deliver lectures. "I dont know what he is going to do," said Dr. Waller, "and so I will simply introduce to you Gen. James A. Beaver." After the applause which greeted the one legged veteran of the war had ceased the speaker begin by saying that his wife had asked him at lunch that day, what he was going to talk about at Bloomsburg. He told her there was plenty of time to think about that on the cars on his way over there. When he got on the cars he met a man who talked about compromising a lawsuit until they reached Lamont; then a gentlemen introduced himself who had been lecturing at the state college at Bellefonte on veternary science, and they talked to Montandon, then he met a friend and they talked to Northumberland; from Northumberland to Danville he visited with a relative and his new wife, and from Danville to Bloomsburg he conversed with an old acquantahce, so that he did not know just what his address would be. He followed with a strong appeal for the Y. M. C. A. The business man ought to support it, ever from the lowest motive, that of dollars and cents, because he could get better work out of his clerks if they spent their evenings at the Y. M. C. A. rooms instead of the pool room or the dram shop. He showed the necessity for a good gymnasium to develop the physical nature, and for a reading room, a library, and an audience room to develop the moral nature. His discourse occupied about an hour and was listened to with deep interest throughout. It was not an oratorical exhibition, but it was a plain talk that appealed to every one present and convinced them of the necessity for the Y. M. C. A. independent of the churches.

Gen. Beaver was the guest of Rev. D. J. Waller Sr., while in town. On Tuesday he visited the Normal School and other public buildings, and went home at noon. The report of the treasurer E. B. Tustin, was as follows.

DEMOCRATIC MEETING.

There was a large gathering of democratic voters at City Hall Monday evening to place in nomination a ticket for township officers. County chairman Townsend, called the meeting to order, and announced that he was ready to receive nominations for President of the meeting. Mr. Townsend's name was proposed but he declined, whereupon W. B. Taylor was elected President, and J. K. Bittenbender Secretary. C. H. Reice and William R. Thomas were appointed tellers. Upon motion it was decided to make no nomination for President of Council. Wm. Kramer, Wm. H. Gilmore and Harry Rhodes were nominated as members. Robert R. Little and Peter Jones were placed in nomination for School Directors, a ballot was taken resulting as follows: R. R. Little 37, Peter Jones 24. Wesley Knorr was unanimously chosen as the nominee for Constable. The names of C. R. Housel and A. Herbine were placed in nomination for the office of Assesor; upon ballotting resulting as follows: C. R. Housel 16, A. Herbine 43. For Tax collector M. C. Woodward was made the nominee. James Staver and A. L. Fritz, were made the nominees for Auditors. Election officers were unanimously chosen as follows: Judge, east district, Robert Alexander; west, W. W. Barrett; Inspector, east, Nathan Chromis; west W. E. Knorr. Mr. Taylor, as president, was prompt in his decisions and the work was thus speedily completed.

MILLVILLE.

C. C. Heacock of Williamsport spent a few days in town, this week.

Eddie and Pliny Eves met with quite an accident last Sunday, while out riding. In trying to pass another buggy, their buggy began sliding on the ice and struck an obstacle in the road upsetting and throwing them both out and almost demolishing the buggy. Pliny was thrown against a post and has quite a gash cut on his head. He was unconscious for a time but from present indications there is nothing serious.

Andrew Beagle of Buckhorn spent Sunday in town.

Mrs. T. W. Smith of Lightstreet has been spending a few days in town with relatives.

The W. C. T. U. are making preparations to accommodate all who care to attend their convention which begins Friday. Everybody welcome.

ONLY TWO AUDITORS.

The republicans made a great mistake at their caucus last Saturday evening, at City Hall. They placed in nomination for auditors, W. E. Rinker and H. D. Edgar. On election day they concentrated their votes on Mr. Rinker thus giving him a great majority over Mr. Edgar. Mr. Rinker is at present a school director, and therefore cannot serve as auditor. The position will be filled by appointment.

ATTEMPTED SUICIDE.

Miss Minnie Davis who attemped suicide a few weeks ago by taking laudanum, made another attempt Wednesday evening. After she was rescued a few weeks ago Father Mc Cann took charge of her. In his absence Wednesday, and while the housekeeper was in the cellar she made her escape. About eight o'clock in the evening she was found hanging over a yard fence on Iron Street, and immediately taken to the City Hall. Dr. Gardner was summoned, and after an unsuccessful effort to get her to take an emetic, the Dr. went after his stomach pump and forced about five gallons of water down, when vomiting ensued. After the Dr. had threatened to use the pump again the girl started to walk the floor, being led by two attendants. She was kept walking until morning, when she had about recovered. The proper authorities should ascertain where she belongs and send her home before she becomes a public charge.

A man was run over and killed by the down train on the D. L. & W. road at Taylorville last Friday evening. He was walking on one track and stepped off to the other track to get out of the way of a freight train, and did not see the passenger train approaching. His head was crushed. We have not been able to learn his name. C. W. Neal and John Wanick were on the train at the time.

The Bazar at the Parish House will be open until Saturday night. Among the articles for sale are silk shawls, shoes, clothing, quilts, pictures, stationery, brooms, coffee, tea, soap, furniture, notions, fruit, silverware and many other things.

BERWICK, EVANSVILLE AND VICINITY.

EDS COLUMBIAN:

We thought that we would occupy a fragment of this week writing for the columns of the COLUMBIAN, which is a weekly welcome visitor to many homes of Columbia county. The first faint glimmerings of spring are coming with the sunshine and the notes of the bluebird, we feel assured that most people welcome the departure of winter, so pregnant with sudden changes of the weather and the vicissitudes of grippe, death and "fat grave-yards," and the advent of spring time with its balmy breath, singing birds, green lawns, fields and trees and blooming and fragrant flowers; and the health of the people will be on a sounder basis too, more desirable than all else beside. Evansville still nestles among the hills, but shows signs of activity, and improvement.

F. D. Fowler is running the mercantile business with a good line of goods, and is also post master; he hails from Berwick, and has become a flourishing citizen of Evansville. Dr. Adams is full of medical practice; Jas. Adams runs the flouring mill, and not far away is the steam saw mill of Mr. Mack who is busily engaged shaping lumber for the surrounding country. The thriving farmers hereabout are Joseph Lamon, Eliot Adams, Silas Moyer, Gideon Michael and Wm. Walp, who proposes to sell his excellent farm and retire from agriculture. His farm is not so large, but in excellent condition, a chance for somebody. Wm. Lamon one of our leading citizens, aside from agriculture, is busily engaged as Superviser and Assessor.

Geo. W. Miller still keeps the Mountain hotel on the old Tioga turnpike with a large farm attached. His place is a winter and summer resort for pleasure parties. The young people of Berwick and vicinity pay him visits and have a good time generally. By the way he owns the Gunter's chain that measured out the dimensions of Berwick over a hundred years ago; also a bureau desk made in Germany over two-hundred years ago, which are valuable as antique heirlooms and objects of curiosity. Philip Sponenberg not only a farmer, but busily engaged huckstering to the people the necessary blessings, and aliments of life. We have a prominent citizen of Berwick with us ruralizing, E. J. Bowman. He lectured for us on last Wednesday night to a full house on "Our impressions make us what we are." The audience was delighted with his eloquence. He spoke an hour, and many expressed themselves as wishing to listen to him, at least an hour longer. This lecture would stamp him as an accomplished orator itself, though we have had the privilege of hearing him upon other occasions at Farmer's Institutes at Berwick where he acquitted himself in the finest style. Without his knowledge or consent we say it without hazard that he is not only one of the first orators of the State, but any where else. The Y. M. C. A. of Berwick has had series of lectures for years, yet there are not a few citizens of the town and vicinity who say that we have home talent in the person of E. J. Bowman equal to any lecturer that has ever appeared in Berwick. He will lecture for us on the evening of February 22nd, on "Washington and our Country," and a large audience is expected.

Berwick is on the improvement plan. The Car-works firm are enlarging their capacity to turn out 18 cars per day. They are about to put up an annex foundry to make malleable iron so that they can strap and line every car with iron of their own make. Large steel works are going up in the spring at the rolling mill. Mrs. Lizzie Jackson's son-in-law and C. R. Woodin's son, William, are to be the proprietors, we understand. This is a great impetus to Berwick, and will almost double its population. Berwick can boast of a nice cemetery, good churches, good preachers, a fine Opera House excellent Y. M. C. A. Hall, good hotels, water works, stores &c., but one thing she lacks. She has not kept up with the times, or with her prosperity, in the shape of a good newspaper, edited with ability. There is a chance for so nebody to walk into Berwick and plant a newspaper that will reflect credit and character upon the place and its growing interests. We have never been a citizen of Berwick, but we reflect the sentiment and opinion of not a few of its citizens and the surrounding community.

C. R. Woodin is an exceptional case. He does not make money in Berwick and then run off and spend it elsewhere. On "Berwick Heights" he has built a monument with many outside improvements. In this monument he proposes to live, and make it especially a summer resort. It commands an extensive view from all points of the compass; mountain, river, town, woodland and valley scenery for miles in every direction. He has invested large money in this enterprise, and while it pays him it pays Berwick and vicinity. Telephone wires extend to "Berwick Heights," and electric lights flash out their fires nightly.

Berwick is approaching the near future when she will have electric lights, and as we understand it, it is high time. She has fooled away big money on town lamps that have done about as well as "fox fire". Her streets are so thick with darkness that you could carve it out into blocks with a case knife and build the town a respectable lockup with them. We allude to the advancement of her schools and her general prosperity otherwise, however. We have an idea our communication is long enough so we will close for the present. We may go west ere long and then will write you on occassionally from toward the setting sun, but don't rely on this as we cannot tell the shape of the clouds for tomorrow.

QUILLDRIVER.

EAST BENTON.

Severe headaches and terrible coughs still linger in the lap of grip.

A very successful protracted meeting has for a long time been in progress at the M. E. Hamiline church. About thirty conversions are reported.

A few weeks ago Willie Ashelman had a narrow escape which might have proved fatal. While at Wilkesbarre with a load of produce he led his team behind a vicious horse which kicked him on the cheek bone, the shock of which prevented him from swallowing any food, for a week or more, except in the form of soup. Had he been struck on the temple, or neck, he would have been killed instantly.

The winter has been remarkably open and mild with the exception of an occasional cold snap.

Will some reader of the COLUMBIAN answer the question why our taxes gradually increase in the same, or greater proportion than the increase of population?

The taxes on the same properties and in the same condition to-day are from two to three times as high as they were thirty years ago; notwithstanding the fact that there are nearly twice as many tax-payers. Why should an increase of population be more burdensome upon the general public? The increase should be the result as produce is lower than at the period mentioned, and an increase of population should be hailed as a relief instead of being deplored as an additional burden. Let every taxpayer pause for a moment and reflect where we are drifting.

Bruce Cary of Cambra also had the grip. He said he was the sickest man that lived, and then the Doctor laughed. But from all reports Bruce was sick.

John Barret runs the furniture and undertaking business successfully at Cambra.

It is now over a month since we were at the Post Office. So much for grip.

The World Almanac is an encyclopædia within itself. Price 25 cents. Thanks, Editors COLUMBIAN, for a copy. The New York *World* is the greatest paper in the world, and we could not be without it.

An easy and simple cure for bunions is a strong tea, or lye, boiled from the inside bark of a tough white-oak sapling, in which soak the feet while hot as can be endured, for four or five evenings in succession. Try it, afflicted ones, and report in the columns of THE COLUMBIAN what effect it produced.

"Yes," she said, "I am ready whenever you are. Name the day and I'll be there." It was ever thus. Yes, and ever will be, so long as love and matrimony bless humanity.

Leland T. Powers gave one of his unique entertainments last Friday night at the Normal School. It was the fourth and best number in the Students' Lecture Course. He presented the comedy of "David Garrick," and impersonated ten characters. From the start to the finish every person in the audience was delighted. Each character was brought out prominently, and one could see the stage full of people all talking and acting their different parts. He is a whole troupe himself, and is a star of the first magnitude. By request he recited the chariot race from Ben Hur, and did it in a manner that elicited the highest commendation. Mr. Powers is a favorite here, and we hope he will come the third time.

Valuable information to all raisers of poultry: Bull's-Head Poultry Powder cures at once leg weakness, cramp, scurvy, loss of appetite &c. A trial will convince you of this assertion.

PERSONAL.

B. F. Bartch and family started on Tuesday for Idaho, where they will make their home.

Mr. & Mrs. J. W. Perry of Elk Grove went to Wilkes-Barre Wednesday.

J. F. Rink was in town on Monday for the first time in several weeks, having been ill with the grip.

Miss Carrie Rudy, of Vineland, New Jersey, is visiting relatives in Bloomsburg and vicinity.

Mr. Daniel E. Whitenight of Tamaqua, was in Bloomsburg on business this week.

Lloyd Kelchner will take charge of the Kile Hotel above Elk Grove, on March 1st. Mr. Kelchner has been living in Bloomsburg the past two years, working in Roe's barber shop.

Cards have been received from Dr. and Mrs. D. Harrison Billmeyer, of Missoula, Montana, announcing that they will be "At Home" after February 18th. They were married within the past two weeks.

Mrs. Elizabeth Smith, of Sunbury, a noted Soprano, will assist at the Grand Concert, with Readings, to be held in Trinity Reformed Church, Tuesday evening, Feb. 23. Do not fail to hear her.

The steam flour mill at Jerseytown was destroyed by fire last Saturday morning. The fire was discovered at about three o'clock, and in a couple of hours the flames had done their work. The mill was owned by Wyman & Co., of Wilkes-Barre and was insured for $4000. The loss is several thousand dollars above insurance.

The *Daily* of Monday says: "The Poor Director ticket is voted on a separate ballot and deposited in a box by itself. It cannot be voted on the twp. or borough ticket. We make this statement because it just came to our notice that some had the Poor Director ticket printed on the twp. ticket."

There is no authority for such a statement. A careful examination of the law will satisfy anyone that the proper way to vote the ticket for Poor Director of Bloom Poor District is on the township or borough ticket, though if voted for separately they should be counted. There is no more reason why the Directors of Bloom Poor District should be voted for separately, than that the overseers of any other township should be voted for on sepetate tickets.

INSTITUTE AT MIFFLINVILLE.

A local Institute convened at Mifflinville on February 6th, in the school-room, composed of Beaver, Main and Mifflin townships. The following teachers were present: Beaver, Mr. J. S. John, and James Platte; absent, Mr. Lillie, Fritz, Charles Blaker and Miss Sutliff; Main, Mr. M. Geddes. C. H York, Misses Watson, Eliott, and Hassert; Mifflin, Mr. R. H. Hess, S. B. Lutz, Misses C. B. Wayne, Jessie Brown, C. D Hess, Blanche Geddes and M. Alice Aten.

Prof. Richardson from Berwick was also present,

Institute called to order by chairman R. H. Hess, Scripture read, 5th chapter of St. Matthew and prayer by Rev. Boone. Song, "When My Ship comes in," Essay, "The value of Music in the school room by Miss C. L. Hess. Singing in the school-room proves to be a success on the part of the pupils. Time used for singing is not invaluable. Singing at the close of the day serves to drive away the cares of the day, and brighten the pupil's interest for the next day's work.

The subject was furthermore discussed by teachers and others, it having been said that pupils will look to the music hour with pleasure. At times everything in the school seems to go smoothly and then again there are times when every thing goes topsy turvey; at such times it would be well for the teacher to start a familiar selection in singing and leave the pupils join in. "The rod aggravates the mind but music soothes it" Prof. Richardson described the need of music in the church; therefore its need is greatly demanded in the school-room. How will you teach music if you cannot sing? If directors have any interest in music they will certainly compensate the teachers for teaching it. The music of the hand represents the tones of the scale. What kind of selections should be given? Do not always give songs neither always hymns, but that which will best suit the occasion. Recitation, "The New Church Organ", by Miss Bella Yohe, Essay, "The study of Language to beginners," by Miss C. B. Wayne. Language lessons should begin with conversational talks; during Spring and Fall have pupils bring in specimens of plants, the talks on these to be used as lessons. Language lessons should be taught in connection with Natural History. What a child learns during the age of eight, he will be able to retain. Supt. Johnston spoke on the importance of Language Lessons. Every lesson should be made a Language Lesson. An illustration given; if 2 apples cost 12 cents, what will 1 apple cost; most pupils in reply would say, 6 cents, whereas they should say 1 apple will cost 6 cents; which words will give thought or mean something.

Supt. Johnston spoke on the importance of teachers taking and reading educational papers and books Teachers should study at least one book and paper this year, study it so as to make it your own thought. The following year a new book should be taken up. Adjourned until 1:30 P. M.

Singing. "Robin Red Breast" by Primary school. Calling of the Roll. Study of Language discussed by Prof. Richardson, Never use have with saw; some grammarians claim there is no potential mod; but put the verbs in other mods, yet some of our best authors claim there is a potential mod. Recitation, "The Apple" by P. C. Gladfelter. A discussion, "The punctual attendance of the teacher," opened by S B. Lutz. If the teacher is not punctual the pupil will not be, the discussion responded to by various teachers. Supt. Johnston spoke of the need of having a program in school, arrange the program so as to carry out the plan, and yet get through, in the specified time. Prof. Richardson then spoke of using "National Songs" as being a good exercise, when the work of the day has been completed, yet the time for dismissal having not yet arrived. Singing "March Along." A discussion, "The control of the pupil without the rod," by Miss Blanche Geddes. The teacher and the parents should work together. Do not make rules that the smallest child cannot understand.

A Dialogue "Tommie Tatters," by Master Mark and Abram Lehman. Address by Supt Johnston. The teacher should teach the pupil how to study. The pupil should not be allowed to waste his time. Give pupils a clear idea what is to be learned. Read and re-read. Have the pupils give the thought, they should be trained how to use a Dictionary and books of reference. The teacher should make the lessons practical, he should also have a knowledge of the laws and if his patience endures, perseverance will certainly follow. A teacher cannot have his pupils stronger or better than himself. As the teacher so will be the pupils, success also depends on a teacher having faith in her pupils; if she has her whole soul in the work she will persevere

Recitation, "Nobody's Child," by Bessie Michael. A discussion, "The study of Geography to beginners," opened by M. Alice Aten.

A Solo, "The funny little Boy," by Bessie Michael.

Address by Prof. Richardson, "Physology." The sense of touch, is one of the first. We talk about what we perceive. There is a difference between conception and perception. To cultivate the perception the teacher must train the whole mind. In studying the mind the teacher should investigate the matter.

The following resolutions were adopted:

WHEREAS, we the teachers of the townships of Beaver, Main and Mifflin, assembled in a local institute, in the school-house of Mifflinville and having been highly entertained and variably instructed by our worthy County Superintendent Johnston and Prof. Richardson with the assistance of the various teachers:

Resolved: that we tender our sincere thanks to our County Supt. Johnston and Prof. Richardson for their able itstructions.

Be it *Resolved*: that we thank the directors for the use of their school-house.

Be it also *Resolved*: that we are pleased with the attendance of teachers in said townships and return thanks to the people for their interest shown in our work by their being present with us.

Resolved: that we sincerely thank the organist, those who supplied us with music, and the minister who so ably assisted in rendering the program complete.

Concealed Deadly Weapons.

Judge Mayer, presiding at the Clearfield Quarter Sessions, has just sentenced a man to imprisonment of two years and six months for carrying concealed deadly weapons. The sentence may be regarded as a severe one for an offense which is quite common, although not so often brought to the attention of the courts. It is possible, however, that in this instance the Judge found some particular aggravation which could not well be met with less severity.

Whether that be the case or not the sentence can hardly fail to have a wholesome effect, and the fact of it deserves wide publication as a warning to the altogether too many people who carry concealed deadly weapons of one sort or another. In all probability this dangerous practice is much less common than it was a few years ago, but it would be still less common if everyone so violating the law were made to understand that discovery meant two years and six months in jail. And that is what it ought to mean in every instance if the law cannot be otherwise enforced.

In the present condition of our civilization there can be no excuse for carrying concealed deadly weapons It is done, however, and generally by people whose judgment is the last that could be trusted in a quarrel or in the use of a weapon in any emergency. Few of them would display any discretion should an occasion arise really necessitating their use. There are too many young men—some mere boys—guilty of carrying concealed deadly weapons. Possibly some of them are ignorant that it is a grave crime under the law, but the most of them know better and carry the weapons in a spirit of bravado. That is the only use they have for a hip pocket.

The practice has a brutalizing tendency, and is responsible for many crimes which otherwise would be avoided. A young manof twenty, of good family and not naturally vicious, is now on trial in Pottsville for a murder which he could not have committed had he not had a deadly weap in his possession at the time of a quarrel with another of about his own age. Had there been no deadly weapon convenient the quarrel would have resulted in nothing more serious than a pummeling with fists; there would have been no loss of life with the misery which has followed for two families.

Judge Mayer's sentence is not too severe. The unfortunate part of it is that it can only fall upon one of the many who commit the crime of carrying concealed deadly weapons. The life of the average citizen will be made much more secure when it has become so exceedingly hazardous to carry concealed deadly weapons that no one who wants to keep out of jail will care to do it. Let everyone be made to understand that this vicious practice is a crime to be severely punished. —*Press.*

I have been a sufferer from catarrh for 20 years. I found immediate relief in the use of Ely's Cream Balm. Since using it I have not suffered a moment from headache, sorethroat or loss of sleep, from which I previously suffered, caused by catarrh. I consider your Balm a valuable remedy.—R. G. Vasser, 56 Warren St., New York.

Ely's Cream Balm is worth its weight in gold as a cure for catarrh. One bottle cured me.—S. A. Lovel, Franklin, Pa. 2-19-2t.

And smiled to hear his friends applaud
His nerve so debonair.

CHEATING IN HORSE BLANKETS

Nearly every pattern of 5/A *Horse Blanket* is imitated in color and style. In most cases the imitation looks just as good as the genuine, but it *hasn't the warp threads*, and so lacks strength, and while it sells for only a little less than the genuine it isn't worth one-half as much. The fact that 5/A *Horse Blankets* are copied is strong evidence that they are THE STANDARD, and every buyer should see that the 5/A trade mark is sewed on the inside of the Blanket.

ASTHMA CAN BE CURED

Easily, quickly and permanently by Dr. Taft's **ASTHMALENE**

You will admit after having taken a few doses that it is a specific for that terrible disease. Instead of flying to the door or window, gasping for breath, seeming as if each one would be your last, you have only to take a few doses of the ASTHMALENE when the spasm is broken, the breathing becomes easy, and you feel as if some angel of mercy had unloosed the iron grasp of the fingers of death, that had nearly deprived you of life.

IT IS AS HARMLESS AS THE FOOD YOU EAT, yet the ease with which it cures the worst cases of *ASTHMA* is the wonder and admiration of all who have used it. The happiest moment of your life will be when you have used a bottle of **DR. TAFT'S ASTHMALENE** and found it has cured you of the most distressing diseases that ever afflicted the human family. **FOR BRONCHITIS** it surpasses every known remedy. For sale by all druggists.

POULTRY NOTES.

No. 43.

Over fat hens are most liable to lay soft shelled eggs.

Give a morning mush of wheat-bran as it is a great egg producer.

Wheat should be the principal food, but corn, oats and Buckwheat is good occasionally.

Never feed much corn as it is fattening, unless measures have been taken to make your hens work for it.

If your chickens have a rattling in their throat and raise their head to breathe—remove them from all draughts and give ¼ ounce of chloride of potasium in two quarts of water.

In roup the head swells and there is generally a discharge from the nostrils of more or less offensive odor. Grease the head well, with lard and coil oil, and give a small bit of lard with a little oil in it, which with care will generally effect a cure.

Deafness Can't be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that we cannot cure by taking Hall's Catarrh Cure. Send for circulars, free.

Pure Ice.

MADE BY MECHANICAL MEANS IT IS FREE FROM IMPURITIES.

From the National Provisioner.

There seems to be some question in the minds of those who are not well informed on this subject as to the purity of ice made by mechanical means, but any person who has carefully studied the subject will be able to immediately remove these false and erroneous impressions. Artificial ice is made practically as follows:

The water is converted into steam in the boilers and from thence conveyed through pipes into a steam filter, where as many of the impurities as can be removed from the steam are eliminated. The steam then goes into a condenser and the water thus condensed flows through another filter into a skimming tank, where any impurities carried over by the mechanical force of the steam are skimmed from the surface. The water then is again reboiled and skimmed and then in turn passes through two more filters especially designed and arranged, after a due analysis has been made of the water to be purified, in order that the foreign substances dissolved in the water may be thoroughly eliminated.

From these filters the water passes into a cooling tank, and to make assurance doubly sure, before entering the freezing cans passes through another filter. The cans are closed so that there is no possibility of the pure water being contaminated, and as it takes but about forty-eight hours to convert the water into ice, it must of necessity be a chemically pure product.

Consumption Cured.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and all throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Is Iron Rust a Cause of Fire?

From the Hub.

When oxide of iron is placed in contact with timber excluded from the atmosphere and aided by a slightly increased temperature the oxide will part with its oxygen and is converted into very finely divided particles of metalic iron, having such an affinity for oxygen that, when afterward exposed to the action of the atmosphere from any cause, oxygen is so rapidly absorbed that these particles become suddenly red hot and if in sufficient quantity will produce a temperature far beyond the ignition point of dry timber. Wherever iron pipes are employed for the circulation of any heated medium, whether hot water, hot air or steam, and the pipes allowed to become rusty in close contact with timber, it is only necessary to suppose that under these circumstances the particles of metallic iron become exposed to the action of the atmosphere and this may occur from the mere expansion or contraction of the pipes in order to account for many of the fires, which periodically take place at the commencement of the winter season.

NO HABITATION.

There can be no habitation in the blood or body for poisonous microbes when Swift's Specific enters the system. It changes the character of the blood so that the germs must either perish or get out, and of course they leave. S. S. S. also forces out the poison which the microbes have left behind. If there is a sore or ulcer the poison comes out through that, otherwise through the skin.

"Having suffered much from contagious blood poison, after using half a dozen bottles of Swift's Specific, I was restored to perfect health, and all eruptive sores disappeared. You are at liberty to make any use of my statement that you wish.—J. CROSBY BYRON, 208 Third Avenue, Pittsburg, Pa.,

A Leap Year Idyl.

From the Detroit Free Press.

"Be mine," she cried dramatically, as she sank on one knee before him. "I have long loved you, and now I can resist no longer. I must know my fate. Sweet creature, say a word that will make me the happiest of women."

"I don't want to be married," he answered coyly. "Ma says I'm too young and couldn't take care of a wife. Take some one of your own size.

Let go of me. I don't want to be kissed."

"Oh you great big ninny!" she said, banging the furniture. "I was only rehearsing for a leap year party. I wouldn't have you if you were worth your weight in gold."

And she bounced off in a huff.

A Story With a Moral.

From the Detroit Free Press.

He knocked at the back door of a suburban house and the cook opened it. He was a sinister-looking fellow, and she held on to the door.

"Lady of the house in?" he inquired, gruffly.

"No," trembled the cook.

"Man of the house here?"

"No."

"None of the people in?"

"None but me," and she tried to shut the door.

"Aw," he growled, setting his foot against it; "I guess I'll come in and have a good eat. Step lively now, er I'll grab you."

She let go of the door and the tramp forged in and fell into the arms of a big policeman, who was courting the cook contrary to orders.

CLAIMS AGAINST CHILI.

Demands of the Baltimore's Men are Over $1,300,000.

SOME BIG INDIVIDUAL CLAIMS.

Jeremiah Anderson Would Like $150,000—John Hamilton Wants $50,000—Other Claims Vary from $30,000 to $100,000—What a Lawyer has to Say.

SAN FRANCISCO, Feb. 15.—In a few days there will be forwarded to Secretary Blaine the formal claim of the sailors and others of the United States man-of-war Baltimore who were injured in the fight with the mob at Valparaiso.

Some of the sums demanded are very large. The total claim foots up in the neighborhood of $1,305,000. The largest are demanded by John Hamilton and Jeremiah Anderson, coal heavers on the Baltimore at the time the assault was committed. Hamilton received three bad wounds, and thinks that $50,000 is not too much for the Chilian government to pay for each wound.

Anderson has three or more marks as the result of his being in the row, but he says he will be satisfied if he can get hold of $150,000 Chilian money. The other claims vary from $30,000 up to $100,000.

Lawyer F. A. Orr has the cases of twenty of the men. He says he thinks the men are justified in asking the amount of idemnity they have. "If the Chilian Government turns over to the United States $1,000,000, as she should, for this unfortunate affair, why, we want it," said the lawyer with a smile.

"AN INFERNAL LIE."

So Mr. Blaine Calls the Rumor That He Will Resign.

WASHINGTON, Feb. 11.—Mr. Blaine declares the report that he will leave the Cabinet soon "an infernal lie." He had just left the White House when the report was presented to him by a press correspondent. The secretary's manner no less than his language was emphatic, and revealed the fact that the report annoyed him. So nettled was he, that he dismissed the subject with the declaration that the story was "the invention of an idle fellow who had nothing better to do."

Mr. Blaine also denied the story of his intended visit to Cuba and the Bermudas.

"I have planned no trip to the South," he said. "I care too little about traveling to go anywhere by sea. If I take any trip I shall select a destination that can be reached by land."

The impression here is that Mr. Blaine, if he should go South at all, will spend a short time in Florida and then as soon as the weather gets warm he will go to his Bar Harbor residence and remain there throughout the summer.

Notwithstanding this prompt denial of it by Mr. Blaine himself, the story of his probable retirement from the Cabinet has received a good deal of attention here to-day. Six out of ten politicians accepted it as true on its face.

Harrison and Free Coinage.

DENVER, Feb. 15.—Senator E. C. Wolcot was interviewed yesterday regarding President Harrison and free coinage. He says:

"There is no man in public life today who is a more bitter or unrelenting enemy to the free coinage of silver than President Harrison.

"Only one who has lived in Washington most of the time since his inauguration can understand the baneful influences that are constantly coming from the White House to hamper or defeat every effort made by the free coinage men for the betterment of the status of silver money."

Senator Teller Thinks Blaine May Run.

DENVER, Feb. 15.—Senator Henry M. Teller says: "There is a suspicion that Mr. Blaine will not persist in his declination if his friends continue to demand that he shall remain a candidate. I see no reason why the Republicans of Colorado should favor Mr. Harrison's renomination, and I do not think he is stronger elsewhere than various other candidates who will be presented to the Minneapolis Convention."

Asleep for Eighteen Months.

INDIANAPOLIS, Feb. 14.—In the insane asylum is Bridget Pendegrast who has not been awake for eighteen months. She is gradually wasting away, and as no effort can arouse her it is not likely that she can live much longer.

BYRON CLARK, A. M. M. D.
NEW YORK CITY.

SPECIALIST,

In the treatment of Chronic Diseases solicits Chronic, Obstinate cases who have obtained no relief elsewhere, and confines his practice to such cases only as are so clearly and fully developed as to make complete and positive Diagnosis without Questioning or allowing patients to make a statement of their condition. This method of examination is made in order to eliminate as far as human skill and experience can do, all elements of uncertainty in the diagnosis and treatment of diseases, and inspire confidence when lost by unsuccessful if not injurious treatment from mistaken diagnosis. On this basis of Positive Diagnosis, for treatment, Dr. Clark's Experience has become strictly unlimited by a Thirty Year's Practice which in extent, variety and successful results is equalled by few and excelled by none. Patients, male and female, not cured by ordinary treatment or in doubt as to the nature of their diseases especially invited.

DR. CLARK, Originated, Teaches and Practices Positive Diagnosis and by confining his practice to the fully developed diseases of Men and Women has attained unusual success in the treatment of many so-called incurable maladies. If the examination is not in very strict accordance with the symptoms the patient is advised not to undergo treatment at all. The doctor can be consulted free of charge at

POLITICAL POINTERS.

The signs of the times are that Cleveland will be nominated for President by the Democratic National Convention. Sentiment in favor of his selection predominates everywhere. With Cleveland as the candidate and tariff reform as the platform, the Democratic party will be victorious.

—

The statement has appeared several times recently in the city dailies, that Hon. C. R. Buckalew will be a candidate for Congress this year. Mr. Buckalew has authorized a denial of this. He is not a candidate for Congress, and will not be this year. Cleveland is his preference as a Presidential candidate.

—

There is going to be some fun before the campaign is over in this county. It is generally understood that William Krickbaum will be a candidate for nomination for a third term in the Legislature. Peter A. Evans, whose name has been used in connection with that place, has decided that he will not run, and so George W. Sterner has fully determined to enter the field and measure lances with William. He says he is in to stay, and it will be a fight to a finish. Krickbaum had a close shave for a second term, and it is generally believed that Sterner can beat him for a third term. The trouble with Krickbaum is that he never knows when he has enough. He wants to be drawing a salary from the public perpetually. He wanted a third term as Prothonotary, but the people said "no." Now he wants a third term as Representative. Sterner says he will give the people a chance to say whether they will endorse third termers.

—

The assertion made in the *Sentinel* last week that everybody who opposed the selection of Krickbaum as a delegate to the National Democratic Convention, were working to secure a Wallace delegation to the State Convention, is utterly untrue, and is only a keeping with the constant political clap-trap with which that paper is weekly nauseating its readers. Ex-Senator Wallace is not a candidate for anything this year, so far as heard from, and there was not a man among those whose names have been mentioned as anti-Krickbaum candidates for delegates to the State Convention, who could have been influenced by Mr. Wallace or anybody else to vote or work against the nomination of Grover Cleveland. Chairman Townsend, Senator Herring, Robert Buckingham, and all whose names were included in that frothy article, are warm admirers of the Ex-President, and desire to see him nominated.

In connection with the allegation that Chairman Townsend voted in State Committee, "against the interests of Cleveland and Pattison," how does the following dispatch from Washington read? Mr. Townsend vored for Kerr for State Chairman, believing that he was a supporter of Cleveland. He was not controlled by the Harrity combine. Now read the following dispatch to the Harrisburg *Patriot:*

WASHINGTON, Feb. 12—The cat is out of the bag. Congressman Beltzhover let it out to day in an interview in which he stated that the state administration people would make an effort to send a solid Pattison delegation to the national convention.

This information will not be very cheering to those friends of ex President Cleveland who are in training with the Harrity-Pattison combine. Before the Democratic state committee meeting was held the Pattison-Harrity people sent the word broadcast that the Democrats of Pennsylvania were for Cleveland and that a delegation for him would be sent to the national convention

It would seem from what Mr. Beltzhoover said to day that Cleveland was to be dumped to make way for Governor Pattison, Mr. Beltzhoover is credited with being the mouth piece of the Pattison-Harrity faction of the party and his utterance to-day that the unit rule would be adopted by the state convention, and that the delegation would be instructed for Pattison, has stirred up a hornet's nest among the Pennsylvania followers of Cleveland in Washington.

In speaking of Mr. Beltzhoover's declaration, a prominent Pennsylvania Democrat said: "The friends of Cleveland have suspected for some time that Harrity and the state administration people would prove false to the ex-president. They won the fight against Kerr by misrepresentation. They gave it out that Kerr was against Cleveland and that they were for him. They accomplished their purpose, and they are now getting ready to knife Cleveland. I believe that Cleveland has enough friends in the state to knock out the plans of his pretended friends."

—

People are laughing at the claim made that the result of the recent committee meeting was a people's victory. The people had as much to do with it as the man in the moon. The committee were elected at a time when the question at issue was not thought of. After promising Buckingnam faithfully to support him, several men were *induced* to change their minds. I have been told what arguments were used on some of them. I may tell you some day. OBSERVER.

BLOOM POOR DISTRICT.

The election of Tuesday was truly a people's victory. There were 770 votes polled against 695 last year. The chief contest was that of poor director. On Saturday January 16 the members of the standing Committee embraced in the Bloom poor District met by appointment, and according to custom of the party placed in nomination, J. M. Larish and A. C. Hidley as candidates for Poor Directors. One of the nominees called at the *Sentinel* office and asked to have the names of the nominees placed in the columns of that paper, and when this request was refused, they were offered pay for publishing the names until election and even then refused. A small notice of the nomination was made, but the names were not hoisted as the nominees. On Monday evening, after a democratic caucus had made a nomination for other township officers, some of the candidates named called at the *Sentinel* office and ordered 2,000 tickets printed. The tickets were printed and the names of Larish and Hidley for poor directors were omitted. When the parties called for the tickets the morning of election they refused to accept them because the names of the Candidates for poor director were omitted. Other tickets were then printed and the names of F. D. Dentler, J. M. Larish, and A. C. Hidley were put on for poor directors; thus placing an independent candidate along with the nominees. Afterward the janitor of the Court House, took the tickets *without* the names of Candidates for poor director, and scattered them in the Commissioner's office, and other places in the town.

The ticket no doubt was prepared to deceive the public and accomplish the defeat of the nominees for Poor Directors. The persons nominated, had served one term or part of a term and no complaint had been made as to their fitness for the office. Wm Krickbaum has held office by the votes of the democrats of the county for nearly ten years, besides being Commissioner's Clerk for 12 years previous. He should be the last one to oppose those regularly nominated, and instead of constant attacks upon and misrepresentation of other democratic office holders selected by the same party that has given him his offices, and of opposing regular nominees of the party when they do not happen to be his tools, he ought to be among the very first to endeavor to bring about harmony and to stand by the regular nominees of the party.

Peculiar

Many peculiar points make Hood's Sarsaparilla superior to all other medicines.

Peculiar in combination, proportion, and preparation of ingredients, Hood's Sarsaparilla possesses the full curative value of the best known remedies of the vegetable kingdom.

Peculiar in its strength and economy—Hood's Sarsaparilla is the only medicine of which can truly be said, "One Hundred Doses One Dollar." Medicines in larger and smaller bottles require larger doses, and do not produce as good results as Hood's.

Peculiar in its medicinal merits, Hood's Sarsaparilla accomplishes cures hitherto unknown, and has won for itself the title of "The greatest blood purifier ever discovered."

Peculiar in its "good name at home,"—there is now more of Hood's Sarsaparilla sold in Lowell, where it is made, than of all other blood purifiers. Peculiar in its phenomenal record of sales abroad, no other preparation has ever attained such popularity in so short a time, and retained its popularity and confidence among all classes of people so steadfastly.

Hood's Sarsaparilla Is Peculiar to Itself

Do not be induced to buy other preparations, but be sure to get the Peculiar Medicine,

The wrong way, with Catarrh, is to stop it without *curing* it. The poisonous, irritating snuffs, strong caustic solutions, "creams," balms and the like may, perhaps, palliate for a time. But they may drive the disease to the lungs. The wrong way is full of danger.

The right way is a proved one. It's with Dr. Sage's Catarrh Remedy. It cures, perfectly and permanently, by its mild, soothing, cleansing and healing properties, the worst cases of Chronic Catarrh. It has proved itself right, thousands of times, when everything else has failed.

And this makes its proprietors willing to prove that it's the right thing for *you,* no matter how bad your case or of how long standing.

If they can't cure your Catarrh, they'll pay you $500 in cash.

They mean it.

They're certain of their medicine.

Handsome Versus Homely.

Who is that fine looking lady that we just passed, Clara? Why, that is Mrs. Snow. Well, there, what a change; when I saw her last, her skin was so sallow and muddy looking, it's no wonder I din't know her. What has produced that lovely complexion? I heard that she took Sulphur Bitters, the great Blood Purifier, and now would not be without them. 2-19-2t

Reduced Rates and Enlarged Privileges for Clergyman on the Pennsylvania Railroad.

The Pennsylvania Railroad Company announces that commencing on February 15th, 1892, tickets will be sold to Ministers of the Gospel holding proper clerical orders, at half rates This arrangement will apply to all tickets sold on the Pennsylvania Railroad lines east of Pittsburg and Erie as well as to the Pennsylvania lines west of Pittsburg, so that a clergyman may not only be able to secure a ticket at half fare between any stations east of Pittsburg and Erie, but may enjoy the same privileges in the purchase of a ticket to Cleveland, Chicago, Columbus, Cincinnati, Indianapolis, St. Louis, or intermediate points.

This concession in the interest of so deserving a class is fresh evidence of the liberality of the Pennsylvania Railroad, and cannot fail to impress itself upon the appreciation of those whom it is designed to benefit.

Experience proves that nothing else so surely destroys scrofula, as Ayer's Sarsaparilla.

The report of viewers appointed by the court to widen Fifth street was filed in court on Saturday last. The damage allowed to property owners amount to $6495.50. ABSOLUTELY PURE

THE COLUMBIAN.

Entered at the Post Office at Bloomsburg, Pa., as second class matter, March 1, 1888.

BLOOMSBURG, PA.

FRIDAY, FEBRUARY 19, 1892.

Charles H. Hendershott is suffering from an attack of rheumatism.

About 750 live pigeons are secured for the shooting tournament at the Fair Grounds Monday and Tuesday next.

Nearly everyone needs a good spring medicine, and Hoods Sarsaparilla is undoubtedly the best. Try it this season.

Prof. J. M. Coughlin will lecture in the high school building Monday evening February 22nd, proceeds for the benefit of Fifth street School library.

The report of the Mifflinville Institute was received too late for publication last week. It is on the inside of this issue.

Frank Jones was out on Tuesday, after being housed for a conple of weeks with an attack of erysipelas in the foot.

The W. C. T. U. will meet at Mrs. Eyer's on Market street on Tuesday afternoon, February 23rd at three o'clock.

A gray beard on a man under 50 makes him look older than he is. The best dye to color *brown* or *black* is Buckingham's Dye for the Whiskers.

Rev. D. M. Stearns' Bible class will meet for the Study of the Sunday School Lesson at the Lutheran church Friday afternoon of this week at four o'clock.

Most of the best musical talent in town will take part in Queen Esther. Secure seats at once at Dentler's for the Opera House will be filled next Wednesday and Thursday nights.

The Ladies' Aid Society of the Lutheran church will hold an Oyster Supper at Mr. Joshua Fetterman's on East 2nd street, Monday evening, February 22nd, from 4 to 10 o'clock. Price 25 cents. Ice cream and cake will also be served. All are welcome.

"Alas! Alas!" the dude exclaims, "in my slender ankle I've got pains." Don't fret," said ma, for whom he had sent, "I have some Salvation Oil."

"My time is up," said the doctor to the patient, whom he found using Dr. Cull's Cough Syrup, and he was correct, for his cough had been cured.

We have received a very handsome catalogue from the Zanerian Art College at Columbus, Ohio, of which C. P. Zaner, formerly of this county, is president. The illustrations are all reproductions of pen sketches, and are very elaborate and skillfully executed.

An Evansville correspondent writes the following: The Lord is continuing the good work of Grace in our midst Thus far there are 16 who professed, and 29 penitents at the altar.

Many more are being convinced as to the necessity of yielding. We are praying that they may come.

Douglas Hughes died on Monday morning at five o'clock, aged sixty six years. His death was sudden and unexpected. A widow and one son survive him. A few weeks ago his daughter, Mrs. John Wagonseller was buried. He was a brother of the late M. G. Hughes of Catawissa, and of Mrs. Dr. Vastine of the same place. The funeral took place on Thursday, and the remains were taken to Catawissa for burial.

ROUTES RHEUMATISM.—Mr. Charles Lawrence, of Ashland, Nebraska, desires that sufferers from Rheumatism should know his experience with S. S. S., and writes under date of July 27, 1891, that he was a great suffer from acute rheumatism for more than six months. He had quite a number of physicians to treat him, and also took medicines, without any permanent benefit. A friend told him to try S. S. S. He did so and used only four bottles, which cured him sound and well. He recommends it to all who suffer from rheumatism. Rheumatism has been conceded to be a trouble in the blood and we have numbers of reports from the most reliable people in the country that it has cured the most aggravated cases. We certainly recommend every sufferer to send for our treatise on blood and skin diseases, which will be mailed free. Address.

SWIFT SPECIFIC CO., Atlanta, Ga.

The people at the World's Dispensary of Buffalo, N. Y., have a stock-taking time once a year and what do you think they do? Count the number of bottles that've been returned by the men and women who say that Dr. Pierce's Golden Medical Discovery or Dr. Pierce's Favorite Prescription did not do what they said it would do.

And how many do you think they have to count. One in ten? *Not one in five hundred*!

Here are two remedies—one the "Golden Medical Discovery," for regulating and invigorating the liver and purifying the blood; the other, the hope of weakly womanhood: they've been sold for years, sold by the million bottles; sold under a *positive guarantee*, and not one in five hundred can say: "It was not the medicine for me!" And—is there any reason why you should be the one? And—supposing you are, what do you lose? *Absolutely nothing*!

Danville's New Jail.

PLANS APPROVED BY THE COMMISSIONERS OF MONTOUR COUNTY FOR THE STRUCTURE.

The Commissioners of Montour County have decided upon the plans for the new jail to be erected there. The plan which has met the favor of the Commissioners was the work of John H. Brugler, and includes a modern sheriff's residence, with a twenty cell-jail.

The present jail is an antiquated affair, and is so insecure that prisoners have been sent either to Bloomsburg or Sunbury for safe keeping. As soon as the plans are approved by the State Board, work will be begun. The new building will cost about $25,000.

THE BEST FOR EVERY PURPOSE.

I. W. Hartman & Sons.

The town and township elections are over and the country is safe. Not so with the sales of our half priced COATS, they will continue from day to day until all are sold. Also the bargains in winter dress goods.

Many of them are in short lengths and will be sold at a short price.

We are now in the city for spring goods, for both sides of the store. The spring dishes will soon be ready, for which we will take CASH or good produce.

J. W. HARTMAN & SONS.

P. S. Eight hanging lamps will be sold at a great cut in price.

MILTON, PA.,—Your Liquid Extract of Smoke is excellent; it gives the meat a good flavor and keeps it free from insects; it saves time, trouble and money, and is far superior to the old way of smoking meat. JAMES FOX.

MILTON, PA.,—I gave your Liquid Extract of Smoke a good trial last fall and it proved very satisfactory. I do heartily recommend it to all. GEO. JERRY.

NEAR POTTSGROVE, PA.,—I cannot say too much for your Liquid Extract of Smoke, it is excellent and will do just what you recommend; easily applied, less trouble and expense, and can hang it in a more secure place than a smoke house, and gives the meat a good flavor, better than you can get from wood, and keeps it solid and entirely free from insects. I recommend it to all who smoke meat. J. B. KRAMER.

PUBLIC SALE

—OF VALUABLE—

REAL ESTATE.

Pursuant to the power contained in the will of Chas. Werkheiser, deceased, the undersigned executor will expose to public sale on the premises in the town of Millinville.

SATURDAY, MARCH 19, 1892,

at one o'clock, in the afternoon the following described real estate, to wit: As designated in the the general plan of town.

LOT No. 35.—On which is erected a two story plank house, a barn, and other out buildings, situated on the north side of Main street, between lots owned by D. H. Montgomery and estate of Chas. Workheiser.

LOT No. 34.—Situated on the north side of Main street, adjoining lot No. 35, located in a very desirable part of the town for building. Both of the above named lots contain a variety of fruit trees.

LOT No. 1.—Situated on Ann street, containing two acres.

LOTS Nos. 61 and 66.—Situated on Market street, each containing two acres.

LOT No. 67.—Situated on Race street, containing two acres.

LOT No. 17.—Situated on Fifth St., containing two acres.

The above named five lots, each containing two acres, are very desirable lots for trucking, as each one is of very good soil and in good state of cultivation.

TERMS OF SALE.—Ten per cent., of one fourth of the purchase money to be paid at the striking down of the property. The balance of the one-fourth to be paid on the first day of April, 1892, and the remaining three-fourths in one year with interest from April 1st, 1892. Possession will be given upon the payment of the full amount of the one-fourth. All grain in the ground and personal property on the premises to be reserved by the estate. Deed and deeds to be made at the expense of the purchaser The highest and best bidder to be the purchaser the vendor reserving one open bid. If any dispute shall arise as to the last and best bidder, the property may, at the option of the vendor, be put up again at a former bid.

Any person or persons desiring to purchase any of the above named property at private sale before the day of public sale named, can communicate with the undersigned executor, Post office address, Pittston, Pa., Lock Box 245.

THAT CHRISTMAS DISASTER.

Brakeman Herrick Indicted and the Central Road Censured.

WHITE PLAINS, N. Y., Feb. 11.—When the County Court and Court of Sessions convened yesterday afternoon the Grand Jury presented to Judge Mills two indictments against Albert E. Herrick for manslaughter in the second degree. The first indictment was for causing the death of Mabel Slocum, and the second for causing the death of Anna Maria Baldwin, in the New York Central wreck at Hastings on Christmas Eve.

In addition to the indictments the Grand Jury read the following report, which was ordered spread upon the minutes of the court:

"The Grand Jury of the county of Westchester hereby censures the New York Central and Hudson River Railroad Company for careless and negligent management of the running of their said road on December 24, 1891, in that there was a blockade on both tracks at Sing Sing which prevented all trains from passing either north or south."

TYPHUS FEVER IN NEW YORK.

A Whole Colony of Russian Hebrews Down with It.

NEW YORK, Feb. 12.—Typhus fever, the most dangerous contagious disease known to this climate, and the one most difficult to cope with, is rife in this city. Perfect hotbeds of the violent and frightful disease were discovered yesterday. In all, thus far, fifty-seven cases have been found, and they are now in the fever pavilion on North Brother's Island. They were taken from lodging houses in different sections of the East Side.

The fever stricken people are all Russian Hebrews. A band of 200 of them were driven from Russia. They reached French territory and boarded the steamer Massalia of the French Navigation Company's line. They came in the steerage and reached this city on January 30.

DEATH OF HON. JOHN JAY KNOX.

He was Comptroller of the Currency Under Grant.

NEW YORK, Feb. 10.—John Jay Knox, ex-comptroller of the currency of the United States and president of the National Bank of the Republic, died at his home, No. 19 East Forty-first street, yesterday afternoon of pneumonia.

Mr. Knox was a son of the late Gen. John Jay Knox. He was born at Knoxboro, Oneida County, on March 19, 1828. He was graduated at Hamilton College with the class of '49 and learned the rudiments of banking in the Bank of Vernon, N. Y., of which his father was president for more than twenty years.

In 1867 Mr. Knox was appointed deputy comptroller of the currency, and placed in charge of the mint coinage correspondence of the treasury department.

Mr. Knox was appointed comptroller of the currency by President Grant in 1873. He was again appointed, without his knowledge, previous to the expiration of his first term, and was confirmed by the Senate without reference to any committee. He was appointed to a third term on April 12, 1882, and resigned in 1884 to accept the presidency of the National Bank of the Republic in this city.

BIG RAILROAD DEAL MADE.

The Reading Absorbs the Jersey Central and Lehigh Roads.

NEW YORK, Feb. 10.—The Jersey Central and Lehigh Valley railroads have passed under the control of the Reading. The Reading guarantees the payment of dividends up to seven per cent. on both Jersey Central and Lehigh stocks.

The dividends will be, it is said, on a sliding scale for several years. To secure this guarantee Reading puts in trust securities enough to cover the amount needed each year, which is about $2,500,000.

Neither property has been leased to the Reading, because that is against the law.

The executive officers of the Jersey Central and Lehigh Valley are to have conspicuous recognition in the reorganization. This combination will control nearly fifty per cent. of the coal trade.

It is understood that the Pennsylvania Railroad has assented to the agreement and that the Vanderbilts have agreed to abandon the Southern Pennsylvania Railroad scheme.

A RICH FIND.

Boys Discover $37,000 in Stolen Securities Under a Barn.

ELMIRA, N. Y., Feb. 11.—Three little boys, aged about twelve years each, were searching for eggs under an old barn in Corning, and they found an old satchel. They opened it, and saw that it contained bundles of papers. They carried the papers and satchel to the office of Lawyer W. F. McNamara. They had found bonds and securities whose aggregate value is more than $37,000. An examination of the papers showed that they had been stolen from the bank of Lattimere & Winton, in Addison, last Sunday night. On that night this bank was entered by burglars, and $800 in gold and silver and bonds and securities, at that time reported to be worth $15,000 or $20,000, were taken.

A JERSEY TOWN SHAKEN.

Earthquake Shock Makes Houses Tremble in Burlington.

TRENTON, N. J., Feb. 11.—A distinct shock of earthquake was felt in East Burlington to-night.

Houses shook and trembled as if about to fall, clocks were stopped and the people ran widely and excitedly into the streets.

The duration of the shock was about ten seconds.

Bridge Jumper Stanley Dying.

CINCINNATI, Ohio, Feb. 15.—Meredith Stanley, the bridge jumper, leaped from the Suspension Bridge into the river at 11 o'clock yesterday morning, and sustained injuries which will probably prove fatal. In his descent he attempted to turn a somersault, but failed and struck the water sideways. A purse of $25 was made up to induce Stanley and his wife to make the leap together, but she refused to do so on account of the purse being too small and the water too cold. Stanley then agreed to jump alone.

Ward Waterbury's Abductors Indicted.

WHITE PLAINS, N. Y., Feb. 10.—The Westchester county grand jury yesterday found indictments for kidnapping against Charles Waterbury and John McCann, for kidnapping little eight-year-old Ward Waterbury a few days ago. Waterbury and McCann are locked up in the Fairfield county jail, Conn., and will be brought to White Plains for trial on a requisition.

Behring Sea Board of Arbitration.

WASHINGTON, Feb. 11.—The State Department confirmed yesterday the London report that Great Britain and the United States had agreed to invite the Governments of France, Sweden and Italy to designate one Behring Sea arbitrator each. This tribunal will have seven members, two representing the United States and two Great Britain and three named by neutral governments.

Assemblyman White Drowned.

MOORESTOWN, N. J., Feb. 10.—While suffering from an attack of grip Assemblyman A. Harry White escaped from his father's home at Pemberton this afternoon. He was found drowned a few minutes afterward in a small stream near by. He was twenty-four years old and had been conspicuous as a Democratic politician in Burlington county. He had been elected to the Assembly twice.

In Its Worst Form.

BENTON, Laf. Co., Wis., Dec., 1888.

Rev. J. C. Bergen vouches for the following: James Rooney, who was suffering from St. Vitus Dance in its worst form for about 1¼ years, was treated by several physicians without effect. Two bottles of Pastor Koenig's Nerve Tonic cured him.

Would Have Died.

HOLYOKE, Mass., November, 1890.

I was in pain all over, could get no rest either night or day and was not able to do any work for months, but after taking Pastor Koenig's Nerve Tonic only one week, I was able to sit up and attend to my dressmaking. I had paid over two hundred dollars to doctors and got no benefit. I certainly think I should have died long ago if I had not got this medicine.

FEARS OF THE COAL TRUST

Gov. Pattison May Get After the Monopolists,

AND, PERHAPS, BREAK THE TRUST.

His Attack on the Pool of 1886—Coal Speculators Uneasy—Wall Street Agitated — Will the Governor Take Another Decided Stand?

NEW YORK, Feb. 15.—The stupendous coal combine, engineered by the leading financial houses of New York and Philadelphia and the managers of the corporations engaged in the anthracite coal trade, is the most absorbing topic in Wall street to-day.

Wall street has become nervous over the possibility that a vigorous stand may be taken by the State authorities of Pennsylvania against this gigantic monopoly. It is known that Gov. Pattison is no friend of monopolies, and in 1886, during his first term in office, he issued a strong presentment against several railroads and other corporations which had combined to control the anthracite coal trade, and which had at that time arbitrarily advanced the price of coal.

In his letter to the attorney-general of the State at that time Gov. Pattison said: "They can mark up coal prices to any figures they please, thereby subjecting the public to their mercy, injuriously and unwarrantably taxing every fireside, and imposing upon coal consumers the financial burdens which the speculations of some of these companies have engendered.

"Against such combinations the individual is helpless. The Commonwealth of Pennsylvania, in creating corporations that are members of the anthracite coal combinations, vested them with the right of eminent domain and other franchises of a public nature. They owe certain duties to their creator. Their interference with the natural currents or conditions of trade has been in violation of what is believed to be sound public policy, and against the best interests of the State. It prejudices the public and oppresses individuals. It is a perversion of the purpose for which they were created."

It is believed that Gov. Pattison holds the same views to-day that he did when he made this telling arraignment in 1886. The only difference is that the situation is now much more alarming than it was then.

LATTER DAY SAINTS MEET.

They Claim to Have 30,000 Members of the Church.

PLANO, Ill., Feb. 16.—The Conference of the Northern Division of the Latter Day Saints is in session in this city. Alexander S. Smith, a son of Joseph Smith, and a brother of the present recognized prophet, Joseph, the head of the church, is here, also Elder M. T. Short, who has just closed a series of meetings at Carthage, this State, where the original Joseph was murdered in 1844.

The numerical strength of the church is now 30,000. They boast of the fact that their greatest strength is in Iowa, with 5,000 members, where less illiteracy prevails than in any other State in the Union. Their next general conference will be held at Independence, Mo., where they were driven out and dispossessed of their property in 1838. Here they now have a membership of 800 and are finishing a $40,000 edifice.

THE FREE WOOL BILL.

The Articles which Mr. Springer would Exempt from Duty.

WASHINGTON, Feb. 16.—The Springer Free Wool bill has been favorably reported to the House by the whole Committee on Ways and Means. It also reported a bill to place cotton bagging and cotton ties on the free list, and machinery used in the manufacture of cotton bagging.

The wool bill exempts from duty, after January 1, 1893, all wools, hair of the camel, goat, alpaca, and other like animals, and all wool or hair on the skin, all noils, top waste, slubbing waste, roving waste, ring waste, yarn waste, card waste, bur waste, rags and flocks, including all waste, or rags composed wholly or in part of wool, and many reductions are made in other schedules of the McKinley bill.

THE LOTTERY MAY GO TO MEXICO.

To Whirl the Gamblers' Wheel Within the Walls of Chapultepec.

NEW ORLEANS, La., Feb. 16.—A stockholder in the Louisiana Lottery Company is credited with the statement that the concern will move its business to Mexico at the expiration of its State charter in 1894. President Diaz is said to favor the scheme, the company to pay the Mexican Government the annual tribute of $1,250,000 which was offered this State.

John A. Morris, the president of the company, and his associates have made heavy real estate investments in the City of Mexico, and their plans is said to include the purchase of the fortess of Chapultepec as the headquarters of their business.

Theatrical Troupes Wrecked.

LARABEE, Mo., Feb. 16.—A special train bearing the "Cadi" company of New York and the Hyde variety troupe of Brooklyn was wrecked here on Sunday afternoon. The special train, going at a high rate of speed, crashed into a freight train which had been sidetracked to let the special pass. An open switch was the cause. Both engines were entirely demolished. Three train hands were killed, and several persons were injured. The theatrical people escaped unhurt. A special from Kansas City conveyed the wrecked companies to that city in time to fill their engagements.

Our Mistake with Chili.

IF our goverment had amicably accepted the situation, had recalled Mr. Egan, and replaced him under the new Chiliai government by an American Minister of high character carrying the cordial welcome of the great republic to its smaller sister, the Chilian feeling would have been friendly instead of hostile, and the lamentable event which has brought us to the verge of war would have been avoided. Had our disposition been really friendly, had there been no politics in the business, nothing but a determination of honorable peace, Chili would not have been forced into the dilemma in which she was unfortunately placed, and we should have been spared this absurd result of our proposed Pan-American millenium of last year.—*Harper's Weekly.*

A MARRIED WOMAN'S NOTE.

MUST SHOW WHAT IT WAS GIVEN FOR.

It was generally supposed that the Act of June 3rd, 1887, commonly known as the Married Woman's Act, was intended to enlarge the powers of married women so that they could make any kind of a contract a man can make. This is not so, however. In the case of Real Estate Investment Co. vs. Roop, 132 Penna. State Reports, 496, the Supreme Court has said: "In construing Sec. 3 of the Married Person's Property Act of June 3, 1887, it must be read in connection with the other sections, and the Act considered as a whole; so considered, the section does not confer upon married women a general power to contract debts and bind their estates therefor. The Act confers upon married women the power to make three classes of contracts only, to-wit: In connection with a trade or business in which she is engaged; in the management of her estate; and for the necessaries for the family, and the authority to execute obligations is confined to one or the other of these classes."

Judge Olmstead of Potter county, has decided that in the judgment against a married woman, the record should show affirmatively that the debt was contracted by her, and under such circumstances as by law will make her liable.

Judge Stewart of Franklin county, has decided that a judgment entered upon a note against a married woman which neither sets forth her exceptional liability nor discloses her coverture, will be vacated by the Court: such a judgment is void.

It is held in Philadelphia that unless a judgment note made by a married woman shows on its face that it was given for one of the purposes for which a married woman is authorized to make contracts, to-wit; when she eugages in trade or business; in the management of her separate estate, or for necessaries, the note will be treated as a nullity, and judgment entered thereon will be stricken from the record. The same is held to be the law in numerous other counties, and it has come to be the pretty well settled law of the State.

Would you rather buy lamp-chimneys, one a week the year round, or one that lasts till some accident breaks it?

Common glass may break or not the minute you light your lamp; if not, the first draft may break it; if not, it may break from a mere whim.

Tough glass chimneys, Macbeth's "Pearl-top" or "Pearl-glass," almost never break from heat, not one in a hundred.

Where can you get it? and what does it cost?

Your dealer knows where and how much. It costs more than common glass; and may be, he thinks tough glass isn't good for his business.

THE BEST APERIENT

In modern pharmacy is, undoubtedly, Ayer's Cathartic Pills. Except in extreme cases, physicians have abandoned the use of drastic purgatives, and recommend a milder, but no less effective medicine. The favorite is **Ayer's Pills**, the superior medicinal virtues of which have been certified to under the official seals of state chemists, as well as by hosts of eminent doctors and pharmacists. No other pill so well supplies the demand of the general public for a safe, certain, and agreeable family medicine.

"Ayer's Pills are the best medicine I ever used; and in my judgment no better general remedy was

Ever Devised

I have used them in my family and caused them to be used among my friends and employes for more than twenty years. To my certain knowledge many cases of the following complaints have been completely and permanently cured by the use of Ayer's Pills alone: Third day chills, dumb ague, bilious fever, sick headache, rheumatism, flux, dyspepsia, constipation, and hard colds. I know that a moderate use of Ayer's Pills, continued for a few days or weeks, as the nature of the complaint required, would be found an absolute cure for the disorders I have named above."—J. O. Wilson, Contractor and Builder, Sulphur Springs, Texas.

"For eight years I was afflicted with constipation, which at last became so bad that the doctors could do no more for me. Then I began to take

and soon the bowels recovered their natural and regular action, so that now I am in excellent health."—Wm. H. DeLaucett, Dorset, Ontario.

It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhœa and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
DR. G. C. OSGOOD, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
DR. J. F. KINCHELOE, Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."
